MARINE ENVIRONMENT AND SAFE NAVIGATION GUIDE

MARITIME SAFETY INTRODUCTION

The role of a maritime authority is to promote safe, secure and sustainable waterways. This is achieved by inculcating a strong safety culture within the maritime sector and by taking all necessary initiatives to protect the maritime environment.

Dubai Maritime City Authority is responsible for the development, implementation and enforcement of maritime regulations and standards for the operation of vessels and conduct of maritime activities in Dubai's waters.

The safety objectives of the Dubai Maritime City Authority are:

- Promote safe navigation of all vessels in Dubai waters;
- Provide for the protection of the maritime environment in Dubai;
- Ensure sustainability of the entire marine sector in alignment with Dubai's master Strategic plan; and
- Champion marine innovation in public private partnerships benefiting Emiratization, Dubai and the UAE.

MARINE ENVIRONMENT AND SAFE NAVIGATION ENVIRONMENTAL REQUIREMENTS

a. Vessels are prohibited from disposing of oils, liquid toxic or harmful substances, sewage water, or waste into the Waters of the Emirate or polluting the air with harmful emissions.

b. The Authority will establish rules required to prevent pollution of marine environment resulting from Vessels. **These will include preventing pollution resulting from:**

1. Dumping or leakage of all kinds of oil;
2. Liquid toxic substances;
3. Hazardous substances;
4. Sewage water;
5. All kinds of waste;
6. Bilge water;
7. Gas emissions resulting from using the Vessel; and
8. Ballast water.

MARINE NAVIGATION RULES

A - All users of Vessels must:

1. Follow the signals, marks, and instructions organizing marine navigation;
2. Use best endeavors, caution, and care during marine navigation;
3. Do not cause harm to, endanger, hinder, or disturb others except as dictated by the circumstances and except that which cannot be avoided;
4. Do not leave, dump, or discharge any material that may hinder marine navigation, or endanger its users. Such hindrances must be immediately removed;
5. Do not anchor the Vessel in other than the designated areas, unless the Master is compelled to do so, in which case the Master must take measures as required to prevent incidents which may result from such anchorage, and to prevent the obstruction of marine navigation;
6. Do not take part in special processions or Vessel gatherings unless an authorization is obtained from the Authority, provided that the term of such authorization is limited and that such processions or gatherings do not obstruct marine navigation;
7. Do not use Vessels in advertisements, for example by installing a loudspeaker or posting signboards or scale models on-board the Vessel, without a prior authorization from the Authority;
8. Do not participate in any race whatsoever, without prior authorization from the Authority, which will be granted after providing the guarantees required to indemnify any resulting damage or incidents;

MARINE ENVIRONMENT AND SAFE NAVIGATION

9. Avoid causing noise or unnecessary annoying sounds, or disturbing others;

10. Provide all possible aid to persons who sustain injuries in any sea incident;

11. Provide the equipment and machinery as may be required by the Authority and concerned government entities in the Emirate on-board the Vessel in order to ensure the safety of its users and protection of marine environment;

12. Do not exceed the speed limits determined by the Authority in waterways and canals;

13. Do not conduct the activity authorized to be performed by using the Vessel in areas other than designated areas;

14. Do not destroy or relocate navigation marks or equipment, change their meaning, Features, or direction or cause any damage to them;

15. Do not operate the Vessel while under the influence of alcohol, drugs, or similar intoxicants, or while fatigued to an extent that may affect his control of the Vessel;

16. Ensure at all times, in particular before navigating, that the Vessel is safe and meets the Requirements prescribed by the Law and the resolutions issued thereunder;

17. Comply with exigencies dictated by conditions of the sea, weather, the Vessel, its load and all surrounding conditions, and adhere to safe speed and distance;

18. Turn on navigation lights of the Vessel between sunset and sunrise or during poor visibility;

19. Do not exceed the number of persons authorized by the Authority to be on-board each Vessel;

20. Do not use the Vessel except for its intended purposes;

21. Keep all documents determined by the Authority on-board the Vessel and present them

to inspectors upon request;

22. Do not exceed the authorized cargo weight for the Vessel. The cargo length, width, and height may not exceed the prescribed limits. If the cargo of the Vessel exceeds such limits, a prior authorization from the Authority must be obtained, and the excess cargo must be marked as determined by the Authority;

23. Distribute and stow the cargo of the Vessel in a safe manner so as not to affect its stability while navigating under all conditions; and

24. Meet any other obligation determined under the resolutions and instructions issued by the Authority

WATER SAFETY BEGINS WITH YOU!

Do's

- Wear your life jacket
- Take an approved boating safety course
- Come prepared, bring drinking water, sunglasses, sunscreen and safety equipment
- Use enough fuel for the trip
- Learn and follow the boating "rules of the road"
